

Ambitions of Idaho is continuing to provide Behavioral Health and Developmental Disability Services. We are committed to providing our clients and staff with the safest and healthiest environment as possible.

We are still taking on new clients and have everything set up for phone, and remote consults. Our Clinicians are currently using Telehealth to provide continuing, and new services. This allows our clients to participate in therapy without leaving their home.

We value our client, and staff's safety and are currently following the guidelines and recommendations issued by the Centers of Disease Control and Prevention as well as our state government agencies.

If you have any questions, concerns, or would like to schedule a consult, you can call our offices at 208-466-7443.

Life can get tough sometimes. But for men and women who are struggling with mental illness, addiction, trauma and stress, life can go from challenging to overwhelming. Ambitions of Idaho can help through our varied Behavioral Health Services. We provide an array of mental health services and programs to help support you through your journey with compassion, with optimism, and with every expectation that you will build a satisfying and meaningful life – on YOUR terms. You are the expert on your life, and we are here to provide support on your journey to achieve your goals.
